

What can we do for you? Several !

To live your life as lesbian, gay, bisexual or trans*-human, might be not your main problem at the moment. The longer you stay here and find your normal life, your queer self will live its life too. Then, you might have some questions, concerning queer rights, queer lifestyle, or you want just to talk to someone or meet people of your kind. You are not alone with that! We can and we will help.

QUEERströmung - who we are

QUEERströmung is an LGBTI-Society for the Wilhelmshaven and Friesland area.

We fight for equal rights of queer-people, support and counsel queer people, groups and organisations as well as local public authorities and political parties. In different projects, we focus on special target groups. So we have projects for young people, for the older generation and for queer-families. In addition we organise monthly parties for the community .

Queereros - where the youngsters meet

Queereros is the name for our youngster-project. Together with „Streetwork Wilhelmshaven“ and Youth-Center „POINT“, we provide a group for LGBTI-People under 30 years old. Queereros meets monthly , the first Friday 6 pm at the Streetwork-Team office, Oldeoogestr. 4A, 26382 Wilhelmshaven .
